Spiked Disc Chain	10kg	80kg/m	25 degrees	325mm	125mm
W36 Disc Chain	9kg	54kg/m	25 degrees	318mm	165mm
Prickle Chain	-	25kg/m	-	-	132 spikes per metre

CL2 DISC CHAIN

A powerful and heavy disc, ideal for heavy soils and high volume residue management

K4 DISC CHAIN

A lightweight disc for enhanced weed control in a broad range of soil types.

CL1 DISC CHAIN

Our most versatile disc, perfect for managing stubble, levelling soil and preparing the perfect seedbed.

W36 DISC CHAIN

Lightly curved and less aggressive than the CL1, this disc is our tried and tested workhorse, ideal for wet and soft conditions.

SPIKED DISC CHAIN

This heavy duty disc is a great weed control option for farmers who have overly fine soil.

PRICKLE CHAIN

Extremely effective at levelling soil surfaces and incorporating pre-emergent herbicides.
