## Standard Dealer Terms - Australia

### Machine Discounts

Dealers receive a twelve percent (12%) discount from Kelly published list prices. Invoices are to be paid in full within seven (7) days from invoice date.

Dealers are eligible for an additional two percent (2%) discount from the dealer net price for invoices paid before dispatch. This is conditional on:

- All other invoices being within terms at that time.
- All overdue accounts to be settled prior to the dispatch of the machine.
- All machines being paid 24 hours after invoice date or prior to dispatch whichever is the earlier period.

Any seasonal or special promotion discounts are applied in lieu of standard dealer discounts and would only be applicable if paid within prescribed programme terms.

Any deviation from the standard terms must be approved in writing by Kelly prior to product shipment.

All dealer terms are subject to credit approval by Kelly and its affiliated financial institutions.

### Machine Delivery

- Delivery is deemed to have occurred at time of loading goods, Kelly Tillage, Booleroo Centre, South Australia.
- Machine will only ship on Kelly approved transport.
- Freight charges will be invoiced by the carrier direct to the Dealer.
- Machines will ship fully assembled except discs.
- Model 8024 assembly by arrangement and quoted separately.
