

Tail Hose fitment on Version 9 Manifold

Jan 24 2014

1 of 1

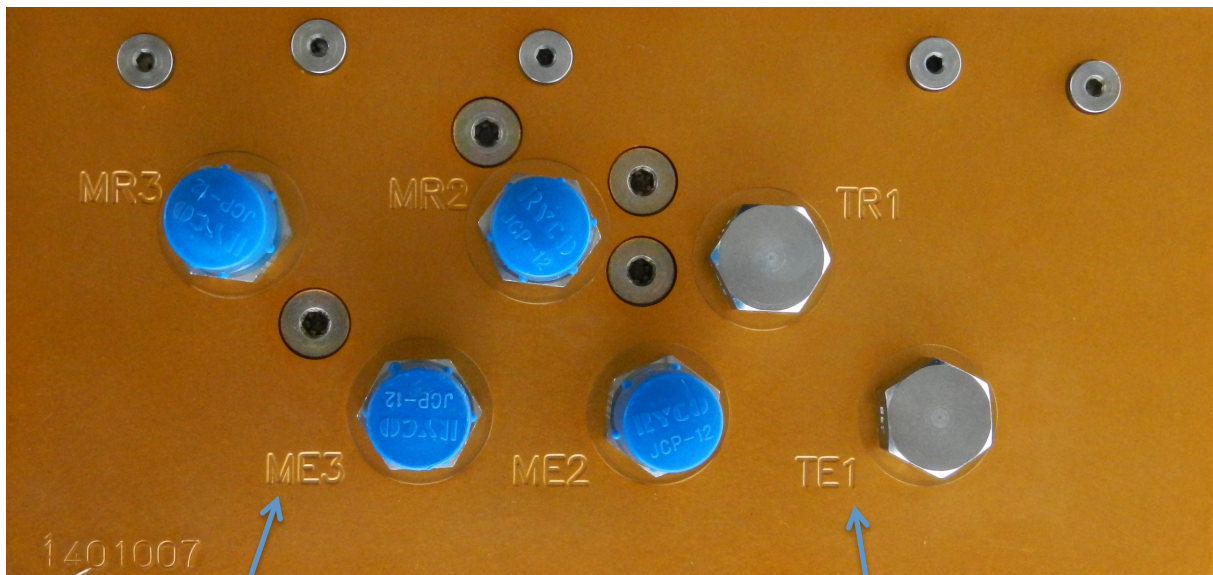

Machines produced from January 2014 are fitted with our Version 10 manifold, part number 1401007.

On the top face of the manifold are six ports, labeled TR1, TE1, MR2, ME2, MR3, ME3.

These stand for Tail Retract and Tail Extend, Module Retract and Module Extend.

TR1 and TE1 are the correct ports for the tail hoses. Module hoses are to be fitted to MR2, ME2, MR3, ME3.

Tail hoses MUST be fitted to TR1 and TE1.

Module Hoses to be fitted here.

Tail hoses to be fitted here.
